MADE IN ITALY

Description ▼

- Large dressing tables made of gray cast iron
- The dressing table adjustment takes place via a precise parallelogram system, so that the distance between the table tips and the knife shaft remains the same in every adjustment position
- The large, stable dressing fence made of anodized aluminum is easily movable and can be tilted from 0 ° - 45 °
- The inclination of the stop can be read from the workstation
- As standard with auxiliary stop
- Large four-knife shaft, precision-mounted
- Quiet running with precision aggregate and thanks to the heavy cast design
- Powerful industrial engine
- Highest possible user safety with the simplest operation
- Display for chip removal over scale
- Manual table adjustment
- Motor protection switch

Room amenities

- incl. hinged auxiliary stop for narrow workpieces
- Manual quick adjustment of the chip removal with scale and clamping turret

The protection device

- The protective device can be folded down and was designed so that the operator is not hindered while working and protected at the same time

Models TERSA with Tersa planer blade system

- No adjustment and more screws
- Planer blade change in seconds
- self-locking
- Especially low noise
- Perfect planing result

You will receive the 3-year Stürmer warranty for this item when you register online.

Technical data ▼

Dimensions and weights			
Length (product) approx.		2750 mm	Width/depth (product) approx.
Net weight approx.		680 kg	1500 mm
Jointing			
Total length of table		2720 mm	Task table length
Max. cutting depth of joints		8 mm	Planing stop length
Planing stop height		190 mm	Planing stop pivoting range
			90 – 45 °
Extraction port			
Extraction port diameter thickness		120 mm	
Installation information			
Space requirement length		2750 mm	Space requirement width/depth
Space requirement explanation		The dimensions take into account maximum travel distances or useful lengths.	1604 mm
Electrical Data			
Drive motor output		7 kW	Supply voltage
Mains frequency		50 Hz	400 V
Planing knife shaft			
Planing shaft type		TERSA	Planing shaft diameter
Number of planing blades		4 St	Planing shaft speed
Max. planing width		520 mm	5000 min ⁻¹
