

14007

**Professional Pre-set Mechanical
Torque Wrench with Ratchet 3/4"
Square Drive 300 - 1000 N·m / 200 -
750 lbf·ft**

PRODUCT DETAILS

- Non-length dependant so can be used with or without the supplied extension handle (optional on Pro 650)
- Exceptionally clear torque signal from unique mechanism
- The 'P' type version prevents unauthorised alteration of torque setting
- On request 'P' Type wrenches can be set, marked with the setting and certified for production line applications requiring a sealed torque setting
- Extension handle significantly reduces operator effort to achieve high torque values
- Clicking system triggers a tactile and audible signal
- Push-through ratchet allows Clockwise and counter-clockwise operations
- Accuracy to $\pm 3\%$ meets the requirements of ISO 6789-2:2017
- If a pre-set has been requested the tool will be supplied with a Declaration of Conformance
- Made in the UK
