## FG-26H-10 6

6mm high speed die grinder

FG-26H-10 6 DIE GRINDER

[Link to webshop page](#)

## Technical Description

### Speed

---

Free Speed 24000 rpm

### Design and functions

---

Collet max capacity (mm) 6

Exhaust Side

Main Material type Aluminium

Starting system Lever

### Power

---

Max power 275 W

### Energy

---

Energy type Pneumatic

## Size and weight

---

Length (L)	179 mm
Side to Center	0.7 in
Weight	1.15 lb

## Air information

---

Air consumption at load	9.7 l/s
Air inlet thread size (in)	1/4
Air inlet thread type	PT
Min hose diam (5 m hose length)	9.5 mm

## General

---

Family	Grinders
Subfamily	Die Grinders

## Noise and vibrations

Sound Power	98.6 dB(A)
Sound Pressure	87.6 dB(A)
Uncertainty vibration-K	1.1 m/s <sup>2</sup>
Vibration (m/s <sup>2</sup> )	< 2.5
