

CP5510-60

6151700810

375W orbital sander for 6" (150mm) pads, 5/16" (8mm) orbit, non-vacuum.

 Dimensions	 Weight
36 x 16 x 17.5 cm	1.83 kg

Designed for industrial sanding, finishing, and pre-polishing tasks, the CP55 Series pneumatic orbital sander delivers efficient performance with its 0.5 hp (375 W) motor and excellent comfort thanks to its ergonomic palm-shaped soft grip. Available in various models: Non-Vacuum, Central Vacuum and Self Vacuum.
Country of origin is HU. Customs tariff is 84671110

Technical Specifications

		Imperial	Metric
Power & Battery			
Max power		375 W	
Speed			
Free Speed		10000 rpm	
Air consumption at free speed		11 l/s	
Noise & vibrations			
Sound Power		91 dB(A)	
Sound Pressure		80 dB(A)	
Uncertainty vibration-K		0.8 m/s²	
Vibration		3.3 m/s²	

Air information	
Air consumption at load	11 l/s
Air inlet thread size (in)	1/4
Air inlet thread type	NPT
Min hose diam (16 ft hose length)	0.31 in
Min hose diam (5 m hose length)	8 mm

Design & Functions	
Circular Abrasive Pad Size (in)	6
Circular Abrasive Pad Size (mm)	150
Orbit Size (in)	5/16
Orbit Size (mm)	8
Pad	Circular
Pad holes number	0
Palm grip	Yes
Starting system	Safety lever
Vacuum	Non vacuum

Size & Weight	
Height (H)	120 mm
Length (L)	142 mm
Weight	1.3 kg

Features

- ✔ Integrated motor silencer
- ✔ 2001 operating hours with low maintenance
- ✔ Lubrication-free motor

Benefits

- ★ Maximum comfort: Ergonomic palm shape with soft grip for better control
- ★ Powerful performance: 375 W (0.5 hp) motor for efficient sanding across demanding applications
- ★ Superior finish: orbital motion delivers smooth and consistent surface preparation
